LANON IT Services Ltd – Accessibility Statement

Last updated: 08/04/2026

LANON IT Services Ltd is committed to ensuring that our website is accessible to as many people as possible, regardless of ability, technology, or circumstance. We want everyone who visits our site to have a positive, user-friendly experience.

1. Our Commitment

We aim to follow recognised best practices and accessibility standards, including:

- designing pages that are easy to navigate
- ensuring text is clear and readable
- providing sufficient colour contrast
- supporting keyboard navigation
- making content accessible on mobile devices
- using descriptive alt text for meaningful images

We continually review our website to improve accessibility wherever possible.

2. Measures We Have Taken

To support accessibility, we have:

- used a clean, consistent layout
- avoided overly complex backgrounds behind text
- ensured headings follow a logical structure
- used plain, easy-to-understand language
- tested pages on multiple devices and screen sizes
- added alt text to images where appropriate
- ensured interactive elements are clearly identifiable

Our website is built on the Wix platform, which provides additional accessibility tools and features.

3. Areas We Are Working To Improve

While we strive for full accessibility, we recognise that:

- some third-party content (e.g., embedded widgets, social media feeds) may not fully meet accessibility standards

- occasional updates or new features may temporarily affect accessibility

We are committed to addressing these issues as they arise.

4. Feedback and Contact Information

We welcome feedback on the accessibility of our website. If you experience any difficulty using the site or notice something we can improve, please let us know.

You can contact us at:

LANON IT Services Ltd
Email: info@lanon.co.uk
Phone: (01424) 300 375

We aim to respond to all accessibility-related enquiries within a reasonable timeframe.

5. Enforcement Procedure

If you are not satisfied with our response, you can contact the Equality Advisory and Support Service (EASS), which provides advice and assistance on equality and discrimination issues in the UK.

6. Compatibility

Our website is designed to work with:

- modern browsers such as Chrome, Edge, Firefox, and Safari
- current mobile operating systems
- assistive technologies supported by these browsers

Older browsers or unsupported devices may not display the site as intended.

7. Ongoing Improvements

Accessibility is an ongoing effort. We will continue to review and update our website to ensure it remains usable and inclusive for all visitors.
